[E-40] E-40! [The Game] Chuck Taylor, Big Snoop, California's Finest! [E-40] West Coast! [Chorus] I'm doin' everything I can to get my buzz on (Gotta get mah buzz on) Tryin' not to feel this pain no more (No more, no more, no more) That's why I'm poppin' these pills and smokin' this dro and drinkin' this henny straight Tryin' not to feel this pain no more. (No more, no more, no more) [E-40] I came from the bottom of the barrel To everyday new apparel, from a shoe string budget To more jewelry than a pharoah About a place called Valiath(?) House smaller than that hut First city in California to go bankrupt Came a long way let the truth be told Penetentiary chances sweatin over the stove Seen 'em come and go, I'm the last of my crop Don't compare me to nobody less ya talkin' bout Pac Just tryin' to survive and stay alive So many of my people done died Now days, you an OG, if yo leader be 25 My partner in there with his grand daddy, doin 25 Liftin' water bags, doin Burpees exercise I hand pick my friends, cuz people ain't trustable Feelings like bras, their motives is questionable Suckers sneak diss me then call me up on the phone They say 40 Water I just wanna be on. [Chorus] I'm doin' everything I can to get my buzz on (Gotta get mah buzz on) Tryin' not to feel this pain no more (No more, no more, no more) That's why I'm poppin' these pills and smokin' this dro and drinkin' this henny straight Tryin' not to feel this pain no more. (No more, no more, no more) [The Game] Yeah Hey yo 40 Let me talk to you for a minute, homie They say money make the world go round And since I'm worth 20 mil I wanna see this bitch spin like the rims on Schwinn Hop on that bike, ride through the neighborhood Compton on smash, them boys get cash Money like Baby do, I gotta scar over my heart Cuz that's what hatin'll do So watch ya back like a tattoo artist A coffin don't give a fuck about who the hardest You lay with the people who more pray, Get ya name etched in stone, withcha born day Small talk over a glass of grand marye(sp?) As I sip from the class, my mind starts packin' his Louis Vaton bags Take a trip to the past, hear that shot gun blast See my brother lying

dormant, IV's in his arm Can't you see he got piss bag
17 years old and you nigga's wonder why I'm so cold
