I can't beleive  
What you have done to me  
My eyes they don't deceive  
Why aren't you listening

We're standing here  
Your mouth stays closed  
I'm still not clear  
Why you left me standing here

You're leaving me  
Despite this tradgedy  
My ears they don't deceive  
Why aren't you coming clean

[X2]  
I always thought that you would always be a friend to  
me  
I never thought that you would end up my worst enemy  
Don't trust the lies that's leading us into uncertainties  
So full of jelousy I trust for you not trusting me

[X2]  
Don't be afraid to be yourself  
Your confidence will always mend  
Don't be afraid to be yourself  
Don't be afraid to fight again

We're standing here  
Rejection; out of reach  
It's still not clear  
Why you left me standing here
