This is for the hundred dollar billers

For my butter pican ricans

And for my chocolate playboy bunnies

Feels so good

Chorus:

Oh yeah, it feels so good

To be back where we belong

Oh yeah, it feels so good

This is where we started from

Everybody let's take a ride

Everybody just come inside

On a journey

Let's go back in time

I'll keep the feeling right

Everybody it's time to play

Come on everybody let yo discman sway

Forget all the other sounds

'Cause New Edition is what's going down

Now the time has come

To return as one

And it's never been better

And now, I never thought this day would come

And it feels so good to me

To be back where we belong

Chorus:

Oh yeah, it feels so good

To be back where we belong (back where we belong)

Oh yeah, it feels so good

This is where we started from

(This is where we started from)

Been too long it's time to get in the mood

Something to make you move

A li'l something that's in this groove

It'll be alright

Nobody's humpin' around tonight

And baby your mama need not to get it

Cause N.E. is damn sho nuff comin' with it

Rap:

Fancy cars 'n' everything

Silk, slips and trips to Rio

Playin' C-low with the gamblers

Lear jets and different sets

Placin' bets Big Willie Style

I gots the frequent flier miles

I'm goin' places

Atlantic City to Vegas

Leaving no traces

Sippin' bubblic with farmiliar faces

Me and my crew, long overdue

Jimmy and Terry

With the N to the E

The money making recipe

Chorus: (2X)

Oh yeah, it feels so good

To be back where we belong

Oh yeah, it feels so good

This is where we started from

(repeat)

Rap:

We're comin'

We're comin' back from a long hiatus

It's the greatest

The latest craze

To hit the stages

Be amazing

Sold out nights

Spot lights, and flights for tickets

Dips with picket signs

Standng in line

For hours and days

Gettin' week

Fiendin' for my peak

of the N E mystic

Know what I mean

As we play up on the scene

Big money players

coming with the green

J.G.

Bridge:

Now the time is come

And we have just begun

We're comin' loud and clear

N.E.'s is back and in your ear

Ain't nothing gonna stop us now

We've gotta stay together somehow

We're back where we belong

And it feels so.....

And it feels so good

Chorus: (2X and fade)

Oh yeah, it feel so good

To be back where we belong

Oh yeah, it feels so good

This is where we started from
