I always love a little mystery
But now the tension's killing me
No place left for words to hide

I never thought it
Could be quite so tough
Lips once sealed are splitting up
There ain't no secrets
To outshine Father Time

[CHORUS]
Whispers in the dark don't do
Let's hit the lights
Now I just got to spread the news
So what are you telling me
What are you telling me
What are you telling me
What are you telling me

I wanna tell the
Whole wide world about you
I don't have any ifs (oh, no)
I am positive

I wanna tell the
Whole wide world about you
(I wanna tell the whole wide world)
We're never gonna be alone
Our love is stone, hey

Too many words
Are too much a crowd
I wanna spill 'em
Or they'll leak out
I'm so glad to get the chance

I kept it secret
Till I knew for sure
So not to pick my
Heart off the floor
Now it's time to take a stand
Heart in hand

[Repeat CHORUS]

I wanna tell the
Whole wide world about you
(I wanna tell the whole wide world)
When I drop a tear, oh, yeah
You are always here

I wanna tell the
Whole wide world about you
(I wanna tell the whole wide world)
I'm looking at a living dream
Don't wake me up, hey

Don't stop
Love me till you drop
It's all right with me
One sharp arrow through the heart
It's all right, it's all right
Now whistle

I'm gonna tell the
Whole wide world
I will never give you up

I'm gonna tell the
Whole wide world
You're my one and only love

[Repeat CHORUS]

What are you telling me now

I wanna tell the
Whole wide world about you
(I wanna tell the whole world)
I wanna tell everybody
You're my cup of tea

I wanna tell the
Whole wide world about you
(I wanna tell the whole wide world)
Your love never shakes
(Oh, yeah, oh, yeah, oh, yeah)
You don't alternate

I wanna tell the
Whole wide world about you
(I wanna tell the whole
World about my love)

Smoke gets in my eyes
I don't see other guys

I wanna tell the
Whole wide world about you
(I'll never give you up)
('Cause you are all I ever wanted)
Our love will never tumble down
It's built on solid ground

I wanna tell the
Whole wide world about you...
