Yessir, yessir..

Yo, so soft than sweet is, so off the meter
For the long run, hope nothing can come between us
So fine and so thick, girl you stickin on me
Ohio Players' album cover-style, drippin on me
(Uh, uh, uh)

[Rapper Big Pooh]

Cause I know what you need, and what you need is me
Why don't you come and get a taste? Won't you set me
free
Name a time or a place where it's at you be
Look at your dreams comin true, you just have to see
It's Rapper

[Bridge 'til fade]
