TOO, MUCH, POSSE!

[Vinnie Paz]

Yo, this fuckin Vinnie Paz baby

Esoteric baby, 7L baby

We takin y'all muh'fuckers to war, teachin y'all how to rhyme

Aight? So feel me

Before I stuff a fuckin sock in your mouth and stick you in my trunk

What? Check it out, it's like this

Yo, yo

It's Vinnie Paz, let me tell you how I handle my beef  
Hand you your teeth, watch how I slam to a beat  
And you weak muh'fuckers better stand at my feet  
'Fore I beat muh'fuckers when I handle my heat  
So consider this verse here, a motherfuckin bomb threat

Cause I ain't even let out, all of my dawgs yet

And I ain't even pulled out my four-fours yet

And I ain't even let out all of the Godz yet

That's why your palms wet, you fake bitch

I'm strong like Iron Mike Tyson, eight-six

You blaze this, you get slashed with fast razors

Fuckin with Paz means you dead and that's basic

Slash faces, then rob your Parasuco

I'm crazy big with no skill like Manute Bol

Vinnie Paz bring physical rain

And the only thing y'all feel is physical pain, what?

[Chorus]

We steady blastin, the city gon' crash in

Run like a cheetah with thoughts of an assassin

Seen a wack rapper, and start smashin

"Now that's what the fuck I call a chain reaction"

[Esoteric]

I'm like Bill Gates motherfucker

You're like Gilbert Grape's younger brother, my rap

style's undiscovered  
Game's wild like the frame on a Lincoln Navigator  
Savage like an aborigine who wrestle alligators  
You know the deal, crab rappers peel  
I give you shit that they can feel, my style's like steel  
You can stop tanks with it, rob banks with it  
Play pranks, walk planks, rock shanks with it  
It's wild when I challenge you cats you ain't with it  
When asked where the battle is at, you can't spit it  
Rappers try to play Sea', that'll be the day Sea'  
pulls a 45 and it ain't to spin reggae  
Today's payday; we out to dumb and shit  
Rip you out the whip, throw your body out the front of it  
Put you in check, put my foot to your neck  
You're lookin up to Esoteric and I come to collect, what?
