I made the tears run down your face, but I didn't mean it. I wanted to say I'm sorry, but I didn't know how to say it. When you told me how much I meant to you, why didn't I see it? But I promise to never break your heart again

Because all I want is you with me, and all I need is your heart By my side, and all I want is your love, because you're the only one that I think of

When you told me that I was wrong, and you left me I knew I was the one to blame

Don't know what to say Now that I'm on my own way, don't know how I should feel anymore

But I'm so blue without you being here with me I cry each time I hear your name your name

Because all I want is you with me, and all I need is your heart By my side, and all I want is your love, because you're the only one that I think of When I'm alone
