I am the one to go back in time to eat all the cake and
drink all the wine,
Oh I am the one to wash behind your ears
And I'll be there to guard you from your fears

My name is Time Trevor
I bought all this weather
We should be together
My name is Time Trevor

I fell asleep while watching your cat,
I even managed to buy a new hat

My name is Time Trevor
I bought all this weather
We should be together
My name is Time Trevor

I watch Batman every other day
Apart from next Saturday

My name is Time Trevor
I bought all this weather
We should be together
My name is Time Trevor
