Does this look familiar?
all the bloodshed on the streets
and iâ€™ve seen it before, iâ€™ll see it again
but i, just donâ€™t, just donâ€™t understand

peculiar, that you should all think the same
and dress the same and act the same
donâ€™t you know, sometimes a mans gotta stand on
his own.

saw him in the parking lot, set him up
whatâ€™d you do, donâ€™t let him up, let him up
donâ€™t you have a shred of decency?

iâ€™m anti-gang and group mentality
donâ€™t let them trick you into thinking your family
the money might be good but its all dirty

O No!

blindly following and unaware
turned your nose up at those who didnâ€™t share
your rock solid grasp of the truth

only see the world from one point of view
didnâ€™t mind that your leaders took control of you
would you question them if they turned on your brother

O No!

does this look familiar?
all the bloodshed on the streets
and iâ€™ve seen it before, iâ€™ll see it again
but i, just donâ€™t, just donâ€™t understand

peculiar, that you should all think the same
and dress the same and act the same
donâ€™t you know, sometimes a mans gotta stand on
his own.
