[Darien Brockington] The more I get, the more you're wanted Baby I'm tryin hard to make you happy Maybe I don't say I love you like I used to Please never doubt that I love you and I mean what I say [Chorus: Darien Brockington] Lady, have no fear, I'm right here Won't you come around? Just come around Lady, have no fear, I'm right here Won't you come around? Our love will come around, babe [Darien Brockington] Don't trip when I come in home late You must not know just how much you mean Go if don't need, just be sure Cause all your wants and needs won't be ignored I don't care what your friends have to say I don't really care what it is they think I'm working hard, tryin to make these ends meet I'm not going nowhere, baby please believe me [Chorus: Darien Brockington] {X2} Lady, have no fear, I'm right here Won't you come around? Just come around Lady, have no fear, I'm right here Won't you come around? Our love will come around, babe [Darien Brockington] I won't let my time cost me to lose you Cause I'ma love you everyday Just want that feeling that we used to Cause I'ma love you everyday [Chorus: Darien Brockington] Lady, have no fear, I'm right here Won't you come around? Just come around Lady, have no fear, I'm right here Won't you come around? Our love will come around, babe [Darien Brockington] The more I get, the more you're wanted Baby I'm tryin hard to make you happy Maybe I don't say I love you like I used to Please never doubt that I love you and I mean what I say [Chorus: Darien Brockington] Lady, have no fear, I'm right here Won't you come around? Just come around Lady, have no fear, I'm right here Won't you come around? Our love will come around, babe
