Shake your hair
Have some fun
Ooo
I'm so happy
You are my best friend
That's no one, no one that knows me like you do
Remember when we cut our hair
Both look like boys
But we're didn't care
Thinking we're together like we always do
Ooo that's no one, no one quite like you
Ooo jump that...
are you wild like me
Whisper voice...somehimes
I'm not...you tell all the day
i got bless
Ooo jump that...
are you wild like me
Whisper voice...somehimes
I'm not...you tell all the
I'm not bad
You tell me all the time
I got bless
Me with you
Me with you
Me with you
Me with you
