There in the wheat,
I heard you sigh.
I don't know the size of it.
Who can know?

Patriot,
Under the spell,
Maybe howlin' underground,
Ear at the dirt.

Running home with the notion in your head
Running home with the notion in your head

Shadows on the land

Whiter the whale
Nothin' is wrong
I cannot be here today
I will not be

Skull and Bones
Taking the fear
Something for a hungry mouth
Something for

Running home with the notion in your head
Running home with the notion in your head

Shadows on the land
