Big Bank Hank]

Clap your hands everybody

And everybody just clap your hands

Ahh fly girls, clap your hands

Ahh fly guys, clap your hands

[Master G] Well if you're feeling alright and you think you're on

[Wonder Mike] Ah-somebody let me know

[Big Bank Hank] Well everybody in the place, put a whistle in your face

[all three] Scream it out and say *whistle* yooooo, hit it!

[Wonder Mike]

You don't stop

A-rock the rhythm that makes your finger pop

I said ah, hip-hop, ah thanks a lot

Ah c'mon everybody gimme whatcha got

[Master G]

I'm gonna tell you a little story about the Sugarhill Gang

[all three] With the pow pow boogie and a big bang bang

And if you wanna rap to the Sugarhill to the beat

[all three]

Gotta rap in the key of R-A-P

Now that is over I'm ready to jam

Want all you people, to clap your hands

Tonight we're gon-na, scream and shout

We're gonna turn this motha -- sucka out

To all of you people that are ready to jam

Scream it out and say, I am! (I AM!)

Some-body! (SOME-BODY!) Now you know you're hot

[Master G]

Ah see I met this girl and I said to her, "Honey

if you wanna be my baby you got ta gimme money!"

Turned around, didn't mean no harm

I knocked her out, with my vicious charm

I said, "No no baby it's not like that

Ya see I'm all about makin that cold cold cash"

Started jivin around, started messin wit her head

And next thing I know, she wanted to go to *whistle*

But to turn me on, you got to be the best

Cause I'm the Master G, I don't take no mess

Like T-N-T, I'm dynamite

Ya see I rock your body to the early light

And when you wake up in the morning you'll see I'm
gone

And check it out girl, you're all alone

Cause you just been hit by the Capricorn King

I rocked you gentle, I rocked you/me

I rocked you in and I rocked you out

You made me scream but I made you shout *whistle*

[Wonder Mike]

Go dang diddy dang di-dang di-dang diggy diggy

Dang diddy dang di-dang di-dang diggy diggy

[Big Bank Hank]

See it's up my back, it's around my neck

Woo-HAH! Got them all in check

See it's up my back, it's around my neck

Woo-HAH! Got them all in check

[all three]

Ah let's scream, and let's shout

And let's turn this function out

and keep keep it on, but you don't rush

Ah let's make this party the real Cold Crush

Let's scream, and let's shout

Ah let's turn this function out

and keep keep it on, but you don't quit

Let's make the party the sure *whistle*

[Wonder Mike]

Once upon a time not long ago

everybody had on their radio

And then the fella came on with a groovy noise

to put the wiggle in the women and girls and boys

The word got around about three cool cats

who put the 'foot', BACK, in the pack

And let me tell you party people just who we be

With the help of Big Bank and the Master G

Interlude
