I want a tell ya about my baby, she used to weigh 383
She went to Jenny Craig, and now she's just as slim as
me
Talkin' 'bout my baby, whoa yeah, that woman a-mine
Well she used to be a big woman, right now, she's slim
and fine

She be on the cover of some-a magazine
'Cause that woman upset these men when she wear her
blue jean
Oh yeah, talkin' about that woman a-mine
Well she used to be a big woman, right now, she's slim
and fine

When summer comes she wears bathin' suit
Men gather 'round her 'cause she's so cute
Talkin' about my woman, whoa yeah, that woman a-
mine
I wanna tell ya I wanna thank, Jenny Craig, 'cause right
now she's slim and fine
