Now won't ya come on baby let me go out an party wit
y'all

Now won't ya come on baby let me go out an party wit
y'all

I ain't got much money but we'll really, really have a
ball

You ain't got no date so you ain't got nothin' to lose
You ain't got no date so you ain't got nothin' to lose
We will find us a joint we gon' dance by some good old
blues

I played a gig last night
I got paid with a check
The check bounced on me
Now I'm in an' awful wreck

But you come on baby we'll go out party wit' y'all
I ain't got much money but we'll really, really have a
ball

Come on baby
Come on baby
Come on baby
Come on baby

I ain't got much money but we'll really, really have a
ball

Come on baby
Come on baby
Come on baby
Come on baby

I ain't got much money but we'll really, really have a
ball
