I know that you feel it
Deep inside
But you just won't admit it
You've got
too much pride
Don't deny what's in your heart
You're safe with me
All your love is locked away
Won't you set it free
I endure the sleepless nights
Filled with doubt
And I try to comprehend
Why you
Shut me out
If you're scared darling
Just let me know
You just gotta understand
How I love you so
Mad about you
I feel a tide of love crash over me
And I know the feelin'

Is mutual but you just won't let it be

Mad about you

Lost beyond the point of no return

Dancing in the flame until we burn

Mad about You

Mad about You

Mad about You

Mad about You

I don't want to play the fool

Any more

And I'm tired of watching you

Walk out that door

Every time I reach for you

You turn away

This whole game has gone too far

To last another day

Mad about you

I feel a tide of love crash over me

And I know the feelin'

Is mutual but you just won't let it be

Mad about you

Lost beyond the point of no return

Dancing in the flame until we burn

Mad about you

I feel a tide of love crash over me

And I know the feelin'

Is mutual but you just won't let it be

Mad about you

Past the point of no returnin'

Mad about you

Dancin' while the flame keeps burnin'

Mad about You

Mad about You

(don't you know I'm)

Mad about You

I'm Mad about you baby
