It's time for us to take in the lead They're too busy running their own shit The kids are dying out on the streets They have to rob and steal just to stand on their feet

It is time to change before it's too late Or is it drugged world our country's fate

The ones you caught are the junks of the streets While the big boss living free proud with their greens It seems so easy to get drugs nowadays

When thousands and millions keep on coming your way

It is time to change before it's too late Or is it drugged world our country's fate

You lie... when you say that you care You lie... it's your political play You lie... when you say it will change one day

You Lie... millions come in your way You Lie... when you say drugfree one day You lie... hang your high is the only way
