"A Single Second"

Oh my God, my God this can't be happening
God tell me, tell me this isn't real
I can't believe all that I have foreseen is finally
happening
I cannot for a single second stand the way I feel

I always knew, I always saw it coming
Enveloped now, encased by my worst fear
I've never felt the nausea of longing to feel nothing
I never wanted to cease to exist, just disappear

Fear memories are all that lie ahead
Never have I felt so lost
Fear tragedy is all that lies ahead
Never have I felt so dead

Once felt so warm now I'm fucking freezing
I am the once embraced abandoned one
I raised my eyes up to the light in hopes of finding
healing
No relief was mine, I was burnt by the sun

Fear memories are all that lie ahead
Never have I felt so lost
Fear tragedy is all that lies ahead
Never have I felt so dead

I feel so
I feel so lost
I feel so lost
I feel so lost

Fear memories are all that lie ahead
Never have I felt so lost
Fear tragedy is all that lies ahead
Never have I felt so dead

Fear memories are all that lie ahead
Never have I felt so lost
Fear tragedy is all that lies ahead
Never have I felt so
