fuck. you. very much
You say you want to be friends, start over, try again?
Well, things will never be the way they were back then.
Things were never how you wanted, I couldn't think of
you that way.
Now, if you take one step closer I will take two steps
away.

Maybe you need affection,
I'd like to help you but I can't stand when you're
around:
fuck you very much.
Maybe you need to talk, but you betrayed my trust.
Friends was not good enough? Fuck You Very Much.

You can always claim you're straightedge, go ahead
and dye your hair.
You won't get more attention from me, 'cause I will
never fucking care.
I try to remain secret, shooting away and hiding out,
but you always track me down. Open your eyes and
figure it out!

Maybe you need affection,
I'd like to help you but I can't stand when you're
around:
fuck you very much.
Maybe you need to talk, but you betrayed my trust.
Friends was not good enough? Fuck You Very Much.

I'm not trying again.
I'm sick of seeing you.
Don't wanna be your friend.
I wish you'd go away.

fuck you very much.
Maybe you need to talk, but you betrayed my trust.

Maybe you need affection,
I'd like to help you but I can't stand when you're
around:

fuck you very much.
Maybe you need to talk, but you betrayed my trust.
Friends was not good enough? Fuck You Very Much.
