Right now we've got a reason to live  
But it's got nothing to do with you  
We've got a lot of places we're gonna go  
A lot of things that we're gonna do

In your world we may be no one  
But what makes you think you're someone?  
We have got just what we need  
And we don't need you

No one, no one  
No one, no one

I can tell where our future lies  
And you can tell we've got nothing to hide  
The way things seem to me right now  
Everything will be just fined

We're going to do it all our way  
We don't need you to darken our day  
We've never given up before  
And this stand won't be our first time

No one, no one  
No one, no one

No one's gonna tell me  
I'm gonna do it my way  
No one's gonna tell me  
How to get it done

No one, no  
No one's gonna tell me now

No one's gonna tell me  
I'm gonna do it my way  
No one's gonna tell me  
How to get it done

No one's gonna tell me  
I'm gonna do it my way  
No one's gonna tell me

How to get it done

No one's gonna tell me  
I'm gonna do it my way  
No one's gonna tell me  
How to get it done

No one's gonna tell me  
I'm gonna do it my way  
No one's gonna tell me  
How to get it done

No one's gonna tell me  
I'm gonna do it my way  
No one's gonna tell me  
How to get it done
