Welcome the whole new pain  
And take comfort in what you've become  
I waved as I passed myself along the way

I have arrived so unashamed  
But my reflection no longer seems the same  
It seems much dimmer now, it seems so dim

Just stumble and fall into a world that's over crowded  
And you will find me, won't recognize me  
I won't recognize myself

I've arrived so unashamed  
But all my senses no longer seem the same  
I can sense everything, my sight's so clear

Just stumble and fall into a world that's over crowded  
And you will find me, won't recognize me  
I won't recognize myself

In an instant my life just slipped away  
I fought for life the whole time you were holding me  
down  
You watched me dying holding me down

You brought my rebirth holding me down  
You watched me dying holding me down  
You brought my rebirth

Just stumble and fall into a world that's over crowded  
And you will find me, won't recognize me  
I won't recognize myself
