If you can't stand
Upon the water I will see you on the ocean floor
When you blink do you only find the misery between
the lines?
Then take my hand and walk with me

Come to me, your sanctuary
I'll gladly accept the gift that I've been granted
If you, feel fine, then give it just a little time
I'm sure you'll contract my disease

Look what you've done to me now
You've made me perfect
Look what you've done to me now

If you can't stand
Upon the earth then I will see you on the other side
When you blink do you only find the misery weighs
down your eyes?
Then take my side and sleep with me

Look what you've done to me now
You've made me perfect
Look what you've done to me now

Take my hand, I'll be everything to you
Take my hand, I'll take everything from you
I will seep under your skin
I will
I will hold onto your heart
I will

Look what you've done to me now
You've made me perfect
Look what you've done to me now

Look what you've done to me now
You've made me perfect
Look what you've done to me now

What have you done?
What have you done?

What have you done?
What have you done?
Done
