Love your hate, your faith lost  
You are now one of us

Love your hate, your faith lost  
You are now one of us

Nothing, from nowhere, I'm no one at all  
Radiate, recognize one silent call  
As we all form one dark flame  
Incinerate

Nothing, from nowhere I'm no one at all  
Radiate, recognize one silent call  
As we all form one dark flame  
As we all form one dark flame  
As we all

Love your hate, your faith lost  
You are now one of us

Love your hate, your faith lost  
You are now one, one of us
