One at a time, conscious becomes surreal
One at a time, heart attacks are concealed
I can see that I
Lose the choice of life

One at a time, suicides are revealed
You will see that I lost another life
But tonight

I'll let you tear it up
If you don't wake me up
But if you tear it, we can repair it

So please don't wake me
Til someone cares
Now no one cares

One at a time, I watch them all forget
One at a time, I'm lost in little deaths
It's the place that I, I forget my life
But tonight

I'll let you tear it up
If you don't wake me up
But if you tear it, we can repair it

So please don't wake me
Til someone cares
Now no one cares

Will the flood behind me
Put out the fire inside me?
Will the flood behind me
Put out the fire inside me?

I'll let you tear it up
I'll let you break it up
If you don't wake me up
But if you tear it, we can repair it

So please don't wake me
Til someone cares

Now no one cares
Cares

Oh, I'll let you tear it up
If you dont wake me up
'Cause it's apparent, that you dont care and

It sunk into me
'Cause I don't care
Now no one cares
