Now ending discreetly, just like a hidden sin  
As I go under please tuck me in  
Make me invisible  
This hidden explosion calls for a wandering cast with  
no direction  
Enter all monsters let us twist another fairy tale

(Whoa whoa)  
Go kill the lights, we'll glow till morning comes  
(Then we go under)  
(Whoa whoa)  
I'll say goodnight and bow to everyone  
Then we go under

The beauties are sleeping as fruit just rots away  
Today go hungry, let it begin  
Make me invincible  
There was a weeping I carried down today, a sigh  
worth keeping  
Deep within divinity let's star another secret show

(Whoa whoa)  
Go kill the lights, we'll glow till morning comes  
(Then we go under)  
(Whoa whoa)  
I'll say goodnight and bow to everyone

No need to worry it is just another monster  
No need to fear here in the secret show  
No need to worry I am just another monster  
In you, I'll see me, in the secret show

(Whoa whoa)  
Go kill the lights, we'll glow till morning comes  
(Then we go under)  
(Whoa whoa)  
I'll say goodnight and bow to everyone

(Whoa whoa)  
Go kill the lights, we'll glow till morning comes  
(Whoa whoa)  
I'll say goodnight and bow to everyone
