There is nothing to me
There is nothing though there was a time
I had felt elation before all sensation died

I cannot breathe, I can't deny
That I've been feigning for you
Every vital sign defied

This means nothing to me
This means nothing, so spare me the lies
I deny you sympathy just as I have been denied

I cannot breathe, I can't deny
That I've been faking for you
Every sign of life

I died for the last lie
And the heartbreak for the first time
I could not take, I could not take
'Til I made you cry

This is what you taught me
This is what you taught and I learned well
To recognize that feeling easily can be dispelled

I cannot breath, I can't deny
That I've been faking for you
Every sign of life

I died for the last lie
And the heartbreak for the first time
I could not take

For the last lie
And the heartbreak for the first time
I could not take 'til I made you

Show your wounds I'm bored with mine
Nothing is new
Don't despair I rarely cry

Oh my, oh my dear, please dry your eyes

Who could harm you?
To hurt you is to be despised, as I'd love to

For the last lie
And the heartbreak for the first time
I could not take

For the last lie
And the heartbreak for the first time
I could not take 'til I made you cry

'Til I made you cry
'Til I made you cry
'Til I made you cry
