Do you think I give a shit  
How I'm seen through your eyes  
I just can't fucking stand  
The way you always have to criticize  
You have to find something wrong  
In everything you see  
It seems it's not that hard for you  
To find everything that's wrong with me

Open your eyes,  
And face the truth  
(Oah, oah, oah)  
Open your eyes  
The real problem's you

Does it build your self esteem

To look for mistakes in everyone else  
The only answer I could find is that  
You're just not happy with yourself  
You hide something about yourself  
When you point out everyone else's mistakes  
'Cause all the problems that you have  
Would just be too much for you to take

Open your eyes  
And face the truth  
(Oah, oah, oah, oah)  
Open your eyes  
The real problem's you
