I...I came here by day, but I left here in darkness
And found you, found you on the way
And now, it is silver and silent, it is silver and cold
You, in somber resplendence, I hold

Your sins into me
Oh, my beautiful one
Your sins into me, oh oh
As a rapturous voice escapes, I will tremble a prayer
And I'll beg for forgiveness
(Your sins into me) Your sins into me
Oh, my beautiful one

Light, like the flutter of wings, feel your hollow voice
rushing into me
As you're longing to sing
So I..I will paint you in silver, I will wrap you in cold
I will lift up your voices as I sink

Your sins into me
Oh, my beautiful one, now
Your sins into me, oh oh
As a rapturous voice escapes, I will tremble a prayer
And I'll beg for forgiveness
(Your sins into me) Your sins into me

Cold in life's throws, I'll fall asleep for you
Cold in life's throws, I only ask you turn away
Cold in life's throws, I'll fall asleep for you
Cold in life's throws, I only ask you turn
As they seep... into me, oh, my beautiful one, now

Your sins into me
Oh, my beautiful one
Your sins into me, oh oh
As a rapturous voice escapes, I will tremble a prayer
And I'll beg for forgiveness
(Your sins into me)
Your sins into me... oh

Your sins into me

Oh, my beautiful one, now
Your sins into me
As a rapturous voice escapes, I will tremble a prayer
And I'll beg for forgiveness
(Your sins into me) Your sins into...
(Your sins into me) Your sins into me Oh, my beautiful
one
