Listen when I say
When I say it's real
Real life goes undefined
Why must you be so missable?

Everything you take
Makes me more unreal.
Real lines are undefined
How could this be so miserable?

Under the summer rain
I burnt away
Under the summer rain (BURN!)
You turned away.

Listen. I can't make
Make a sound or feel
Feel fine I kissed the lies
Why must they be so kissable?

Listen as I break,
Break the fourth wall's seal
Gorgeous eyes shine suicide
When will we be invisible?

Under the summer rain
I burnt away
Under the summer rain
We burnt away
Under the summer rain
I burnt away
Under the summer rain (BURN!)
You turned away.

This is the fall
This is the long way down
And our lives look smaller now
And our lives look so small

(Living and Dying)

This is the fall

This is the long way down
And our lives look smaller now
And our lives look so small

Under the summer rain
I burnt away
Under the summer rain (BURN!)
We burnt away
Under the summer rain
I burnt away
Under the summer rain (BURN!)
We burnt away
Under the summer rain (BURN!)
I burnt away
Under the summer rain (BURN!)
You turned away
