Hope unknown
Sometimes just waking is surreal
I walk right through the nameless ones
I know that hope unknown
Sometimes the water feels so real
As I walk through it fills my lungs
My god I'm drowning

This day never seems to end
(this pain never)
This day never seems to end
This rage I can not let go
I hear them calling
I feel them gnawing out holes through all our flawless
souls

So alone
Sometimes I swear that I can hear
The calling of the voiceless ones
I fear that I alone
Fear those who finally ceased to feel
That there alone inside this place
I am the misplaced

This day never seems to end
(this pain never)
This day never seems to end
This rage I can not let go
I hear them calling
I feel them gnawing out holes through all our flawless
souls

Now every face, it looks familiar
Then every face would melt away until
Now everyone, do you know I know your deception?
I hear them calling
I feel them gnawing out holes through all our flawless
souls
