my sweetheart, my dear  
if you're gonna leave me, baby  
don't leave me here  
i know i've said some things i regret  
i didn't mean it

my sunshine, my doll  
if you're gonna leave me, baby  
don't leave me now  
i know i've done a couple things wrong  
i take them all back now

when i said i wanted to be alone  
i didn't mean all on my own  
i meant with you

don't leave me here  
don't leave me here  
don't leave me here  
don't leave me  
my sweet heart, my dear
