[Talking] GymClassHeroes. Cool and Dre. This is. You silly for this one Whats wrong with me? Its Travie. Why you doing this to me? Ha ha [Verse 1] I started rappin, back of the class, scribbling tracks in hopes That one of my jokes a have the pretty young things laughing A chubby little bastard with a nack for little debbie snacks But what I lacked in looks I made a hook of it with passion No advance and plus we make it happen And ya concious more obnoxious in that laffy taffy snappin Goodbye yesterdays rags hello high fashion Years before you's a man, then built a castle with sand With no regards or tidal waves I finally established Til water comes in gallon drums and wipes away my palace But now I'm sitting lovely off in wonderland with Alice With purple people passing me at the caterpillars chalice Ha ha, you probably thinking I'm wrong right Like I should quit writing these songs right Tell you what, do it better I just might Take it back to 86 you wanna lick sike [Chorus] Don't let the tv mislead you, me and you dude we are not equal Fuck you this is for my people, fuck you this is for my people Don't try to hide like I can't see you your parents must a been trans you so see through Fuck you this is for my people, fuck you this is for my people Put up ya peace sign put ya index down Put up ya peace sign put ya index down Put up ya peace sign put ya index down Put up ya peace sign put ya index down [Verse 2] [Busta Rhymes] Before I utter words and before I start to begin Let me make sure you clear I'm about securring the win I puzzle up my words while I piece another concoction Cause I'm stubborn with the thought that failure is never an option I grinds like a carpenter til my calluses bleed With the passion form my heart to the many mouths that I feed That's whay I look at most of you stupid I know its odd Because you can't really do nothing to me unless you God Well being that none of you ain't him You can't fuck with me now watch me erase them Now trust me see I'm so determined I walking through the heap of gauntlets how the fire was burning Or how the tire was turning on the rim of the V I laugh and shake it off the shit they be doing to me With all the yappin and talking and so and

so You think that you could ever stop the kid OH NO
[Chorus 2] So if you get in my way, you know you done
son you best believe what I say, you better run son Fuck
you because I do this for my loved ones fuck you
because I do this for my loved ones You better kneel
down and pray, cause where I come from we going
hard everyday, that's how the fights won Fuck you
because I do this for my loved ones fuck you because I
do this for my loved ones Put up the peace sign put the
index down Put up the peace sign put the index down
Put up the peace sign put the index down Put up the
peace sign put the index down [Verse 3] Look mom no
hands (no hands) Your little boys a man (god damn)
Everything you said is finally setting in The training
wheels fell off and I kept pedaling Now I'm riding
wheelies on this industry Say the word and I'll ghost
ride this bitch instantly Good looking pop all the
strength that you giving me Wasn't for you GymClass
would be history I'm on my upstate shit I was Brooklyn
broke but now I'm upstate rich Picking brains from two
dames with french accents I don't mess with local
chicks I get em upstate shipped Ha, you probably
thinking I'm wrong right Like I should quit writing these
song right Tell you what, do it better I just might Take it
back to 86 you wanna lick sike [Chorus 3] Now its a lot
of y'all that can't stand me cause my resemblance to
Prince is uncanny But fuck you this is for my family,
fuck you this is for my family Upstate New York to
Miami, Up late recording in my jamies I do it for my
family, fuck you this is for my family Put up the peace
sign put the index down Put up the peace sign put the
index down Put up the peace sign put the index down
Put up the peace sign put the index down Put up the
peace sign put the index down Put up the peace sign
put the index down Put up the peace sign put the index
down Put up the peace sign put the index down
