[Verse 1 - Travis] All press is good press kids So if you wanna see us gone Then I suggest you keep our name out of your headlines Unless you wanna mess that is Your best bet is to set your dirty laundry separate from the clean before your deadline Admit it you wanted to be an artist But your parents and that tiny voice inside you said it wasn't worth the hardships What better way to compensate then to hate on everything you wish you were But didn't have the balls to harness Pop culture's my trip, somehow you think your gonna stop us Cuz you flirted with a chick who's got my tongue in her esophagus Bitches post anonymous We shat on 07, 08 is gonna be great imagine 2011 Give me one good reason I shouldn't dead this debate Don't worry I'll wait.... That's the fuck I thought Cat got your tongue Next time get your facts right Google me and act right [Chorus - Dre] How can I be with... Be without your hate It gives me peace of mind So please don't tell me it's over Don't tell me it's over It's your hate that keeps me believing That we're the greatest of all time So please don't tell me it's over Don't tell me it's over [Bridge - Dre] Don't tell me it's over Because I can't bare to see you go See you go Don't tell me it's over Because I can't bare to see you go See you go [Verse 2 - Travis] Hey Mr. Internet To whom it may piss off, yea you and you Here's a list of shit you didn't know but now you do Exploit my bad habits Tell them I do drugs Tell them Travis smokes more crack than Tyrone Biggums does Tell them I can't rap Tell them I dumb it down Tell them not to buy tickets whenever my band's in town Tell them I sold out, say I did it for the fame And how I buy magazines for the sake of seeing my name Tell them I how frequent parties trying to get that page 6 Tell them so and so someone saw pictures of my dick Make me out to be an asshole that don't deserve his fans Make me more insecure than I already am Kick dirt on my accomplishments if you're ever bored Just document it well and don't forget to hit record One hit wonder my ass, what are you talking about Let them keep bogging trash im gonna take the garbage out [Chorus + Bridge]
