Into the dark is where you're draggin' me
And into your dark is where I never want to be.
I know I'm not alone
And I really want to leave.
Into the dark is where you want to watch me bleed.
I'm feelin' kinda trapped,
I gotta go.
I'm feelin' kinda trapped don't you know.
I'm feelin' really trapped I gotta go.
I gotta go.
I'm being dragged down, for how long I don't know.
I'm being dragged down and I rise up way too slow.
I know I don't belong here and I think I ought to go.
I hope that I can leave here, leave here with my soul.
I'm feelin' kinda trapped,
I gotta go.
I'm feelin' kinda trapped don't you know.
I'm feelin' really trapped I gotta go.
I gotta go.
I gotta go!
