You've got something to say,
Or so you say to me,
Then you receive a blank stare.
You've got nothing to say
Of importance and gosh, that's really good to hear.
I'm proud of you, so proud of you, I'm proud, I'm very
proud of you.
I'm proud of you, so proud of you, I'm proud, I'm very
proud of you.
You've got some S.P - some to show to me.
Well, I have seen it before.
I can't compete, I can't impress you.
I guess I'll show you the door.
I'm proud of you, so proud of you, I'm proud, I'm very
proud of you.
I'm proud of you, so proud of you, I'm proud, I'm very
proud of you.
I'm proud of you, so proud of you, I'm proud, I'm very
proud of you.
I'm proud of you, so proud of you, I'm proud, I'm very
proud of you.
