I will never wanna date you while I can learn to hate
you.

If you somehow learn to love me, well, that's just my
luck.

I would never ever care if you only wanted friendship,
But somehow you're disappointed that
I'm not a slut.

I don't wanna fuck you (x3) So fuck you!

In my mind there is no doubt
That you've been in and out of many different
backseats,
Many times before.
I can always see your defeat when I won't leave the
front seat.
Now it seems your disappointed that I'm not a whore.

I don't wanna fuck you (x3) So fuck you!
I don't wanna fuck you (x3)
I don't wanna fuck you (x3) So fuck you!
I don't wanna fuck you (x3) So fuck you!
