I feel it washing over me, the slow poisonous tide.  
Pins and needles dance on me.  
Sickness undefined.

Now I'm afraid to face the sky.  
Please someone hear my haunted cries.

Please let them waken me. x4

With eyes sewn shut I still can see (I end up  
somewhere)  
All that is surrounding me (Somewhere between)  
Between a dream (I end up nowhere)  
And motionless reality, will I forever lie?

I feel them binding so smoothly.  
I see myself below.  
I feel it gnawing, eating me.  
Poisonous and slow.

My mind it speeds.  
My voice has died.  
God let me make the faintest cry.

Please let them waken me...

GO!

With eyes sewn shut...

Binded by my hands, bind my legs, bind my eyes, bind  
my mouth, bind everything.

Opened up and for the taking  
Just one touch and I'll be yours.  
Opened up wide for the breaking.  
Just one touch and I'll be yours.

What's on the other side behind the mirror?  
To try (I try) to break the static keeping me here in  
between.
