Walked into our world and made horrible sounds.
I can still hear them today (strangely they seemed)
Beautiful now, though they outlast my love

Still each time I always meant,
Every word, every one.
Though in time, they finally bent
Every word, every one, every word

"I will wait for you,"
She said, "endlessly."
"I will wait for you."
So spoke (so spoke) misery.

I returned to you but found, my empty home
The radio told me to stay,
(As it burned down) I sang alone
You will outlast my love.

Still each time, I always meant
Every word, every one
Though in time, they finally bent
Every word, every one, every word.

"I will wait for you,"
She said, "endlessly."
"I will wait for you."
So spoke(so spoke) misery.

Oh
I have been waiting for you,
Biting as you taught me to.
I have come to relieve you of
Life and love.

I will wait for you
I will wait for you
I will wait for you
I will wait...

(I will wait)
"I will wait for you,"

(I will wait)
She said,(she said)"endlessly."
"I will wait for you."
(I will wait)
So spoke(so spoke)misery.
"I will wait for you (wait for you)"
Endlessly
"I will wait for you."
So spoke, so spoke
Misery.

And I will bite
Straight through.
As I wait for you,
Dear Endlessly
