So, I'm feeling much worse now.
You're better, you're better.
Your designer drug
Won't work, won't work for me.

Connect to a three volt.
I hope your battery dies.
How could you run
On such, on such voltage?

All the same, I remain the one to blame and I'm
Demonized, purified, justified as you let yourself show.

So now you'll love these screams,
What's left of me. (Don't speak)
Love these screams like I do. (my name)

As the infinite stops cold
Just nine and the six are gone.
Guess I was the one to
Ride that, ride that dirty ride
That is turning too fast now
I cannot cannot hold on
But at this pace,
Who'd want, who would want to?

All the same, I remain the one to blame and I'm
Demonized, purified, justified as you let yourself show.

So now you'll love these screams,
What's left of me. (Don't speak)
Love these screams like I do. (my name)

Don't ever speak my name.

Don't ever speak my name again
Don't ever speak it
Don't ever speak my name again
Don't speak
Don't speak

DON'T

SPEAK
MY
Don't speak my name.

So, now you'll love these screams,
What's left of me. (Don't speak)
Love these screams like I do. (my name)
