"Summer Shudder"

Listen when I say, when I say it's real  
Real life goes undefined  
Why must you be so missable?  
Everything you take, makes it more unreal  
Real lies are undefined, how can this be so miserable?

Under the summer rain, I burnt away,  
Under the summer rain, (Burn!) You turned away.

Listen, I can't make, make a sound or feel,  
Feel fine, I kiss the lies, why must they be so kissable?  
Listen as I break, break the forth wall's seal.  
Gorgeous eyes shines suicide, when will we be  
invisible?

Under the summer rain, I burnt away,  
Under the summer rain, (Burn!) We burned away.  
Under the summer rain, I burnt away,  
Under the summer rain, (Burn!) You turned away.

This is the fall; this is the long way down,  
And our lives look smaller now, and our lives look so  
small,  
(Leave me here crying)  
This is the fall; this is the long way down  
And our lives look smaller now, and our lives look so  
small!

Under the summer rain, I burnt away  
Under the summer rain, (Burn!) We burnt away

Under the summer rain, I burnt away  
Under the summer rain, (Burn!) We burnt away

Under the summer rain, (Burn!) I burnt away  
Under the summer rain, (Burn!) You turned away..
