Forever waiting for disaster  
What David calls servant and master,  
Will you play it, too?  
As this displacement begs for water,  
Swimming, bathing, drowning in Sorrow,

Scream with me

I crawl across this cracked expansion.  
I'll be buried soon  
Beneath the sand with pure intentions,  
Wanting something, someone to follow

For a change I'll refrain  
From hiding all of me from you.  
Here's my lullaby  
Pray for rain, lose your name  
And watch all your dreams fall through.  
Hush now, don't you cry.

I swoon upon my knees come crashin'  
Will you bury me?  
Today, this small favor I'm askin'  
Hold me. You may drop me tomorrow.

For a change, I'll refrain  
From hiding all of me from you.  
Here's my lullaby  
Pray for rain, lose your name  
And watch all your dreams fall through

For a change, I'll refrain  
From hiding all of me from you  
Pray for rain, lose your name  
And watch all your dreams fall through  
It's my lullaby,  
Hush now, don't you cry.

Calm down. Come down, cold resides with me.  
I flee to decemberunderground.  
As you exhale, I breathe in and sink into the  
waterunderground

And I'll grow pale without you.
