Oh

Calling tears from deep inside, oh, you're so exquisite  
And in the mirror, all midnight eyes.

Oh, If I could remain, but it's just a visit. All midnight  
eyes

Read "vacancy"

Twisted, twisted

To the lovely dancing lights, I begged "May I cut in?"  
but they never stopped playing  
"their song"

Of a joyous song they sing

I've heard whispers. On a freezing note, I resonate

Just like romantic verses

Just like a joyous end

Just like a memory: it twists me

Just like romantic verses

Just like a joyous end

Twisted me

You land as lightly as the new snow

(Cinematic)

Onto the melting boy

(And melt away)

You light as gently, you're so

(Cinematic)

Bathed in your radiance I melt, oh!

In the glitter in the dark, sunk into velvet

Praying this will never end

In the shadow of a star,

In static pallor

I realize I never began

Just like romantic verses

Just like a joyous end

Just like a memory: it twists me

Just like romantic verses

Just like a joyous end

Twisted me

You land as lightly as the new snow  
(Cinematic)  
Onto the melting boy  
(And melt away)  
You light as gently, you're so  
(Cinematic)  
Bathed in your radiance I melt!

All the colors upon leaving all will turn to grey  
All the colors upon leaving all will turn to grey

(All grey!)  
All the colors  
(All grey!)  
Upon leaving  
(All grey!)  
All will turn to grey  
(All grey!)  
All the colors  
(All grey!)  
Upon leaving  
(All grey!)  
All will turn to grey

{grey}

(twisted me)

You land as lightly as the new snow  
(Cinematic)  
Onto the melting boy  
(And melt away)  
You light as gently, you're so  
(Cinematic)  
Bathed in your radiance!

You land as lightly as the new snow  
(Cinematic)  
You land as lightly as the new snow  
(And melt away)  
You land as lightly as the new snow  
(Cinematic)  
Bathed in your radiance I melt!
