Wester

I can feel you waitin' for me when the sun retreats to
the hills and I,

Below the blanket of a burnin' sky, wrap myself within.

Embraced by dead leaves as the rain leaves trails of
black down my face, and I

Creep through the twilight to that hidden place beyond
the lonely

I'll meet you tonight in the whispers when no one's
around.

Nothing can stop us now.

Tonight in the whispers where we won't be found.

Nothing can stop us now...

I can feel you dreamin' of me and the time when our
steps are retraced and I

Creep through the twilight to that hidden place, beyond
the lonely.

I'll meet you tonight in the whispers when no one's
around.

Nothing can stop us now.

Tonight in the whispers where we won't be found.

Nothing can stop us now.

Tonight in the whispers when no one's around.

Nothing can stop us now.

Tonight in the whispers where we won't be found.

Nothing can stop us...

I can feel you dreamin' of me, I can feel you dreamin'.

I can feel you dreamin' of me, beneath a dream,
beneath a dream.

I can feel you dreamin' of me,(one world away) I can
feel you dreamin'.(we were just one world away)

I can feel you dreamin' of me,(in silent rapture) lost in a
dream, lost in a dream.(one world away one world
away)

Tonight, in the whispers when no one's around.

Nothing can stop us now.

Tonight in the whispers where we won't be found.

Nothing can stop us now.

Tonight, in the whispers when no one's around.

Nothing can stop us now.

Tonight in the whispers where we won't be found.

Nothing can stop us...
