Uhh, hey

The fuck is poppin off out here?

G.D. nigga, the ave, y'knahmean?

Now yeah ma I turn words to flames
And - in one verse I can burn your brains
And - right from the party she like ice on her body
So when I got her naked she threw on my chain
41 shots to the lobby of your buildin
And keep shootin cause I probably ain't kill him
And that's in memory of Amadou Diallo
But keep on frontin that's what I'ma do to y'all though
Cruisin with a carload, not 50 we stuck
Look at that easy starmode induced
with a Dolce Gabbana bandana V
He's always jokin but stay with the hammer - me?
I'm on the low like Joe in Montana - no~!
I'm on the balcony like Tony Montana
Cause these niggaz tried to hit me at the Copacabana
No - not cause of ki's cause my flow is bananas

[Chorus]

Now over here niggaz sayin my name (sayin my name)
Therefore bitches feelin my game (feelin my game)

[A.G.]

Your boy A.G. is back on his grizz'

And - yeah nigga, cause that's what it is

Wanna lean back with my wiz in immaculate cribs

Play the carpet, fall back with my kids, holla back at
your nig

I live hard, I die hard, I think big

Got big balls, I fuck hard, so fuck y'all
King of the under, y'all wired for sound, singin the
number
I wish you would, I'll bring you the lumber
I'm God like LL, in "In Too Deep"
When my pencil bleed it's like a minstrel bleed
I'm a weirdo, with a weird flow, y'all queer folk
Get some thongs or wear those nigga, yeah those
Y'all trash niggaz wanna rap, I'm G.D.
See me with five-oh, better have a nine in front of that
She gave me her mind because I rap
Then she gave me the lye, I stopped smokin ma nah I

[Chorus]

[Outro]
