Dadadada dada da
Dadadada da

I was falling through my sleep all night
In a dream I could be with you
Out of nowhere
Your guiding light shone through
My world keeps turning
Tearing me apart
Since you've gone all I want is you
How did we never see
This was meant to be
It's true

I wanna tell the world and shout it out
That what we have is real
I know that this is what it's all about
'Cos I feel

That everybody needs somebody to love
Be the one tonight
Just anybody won't shine the light that burns
Only you are right
I can't imagine how my life would be
If I spent it without you
'Cos everybody needs somebody to love
And I want you

Dadadada dada da
Dadadada da da
Yeah, yeah, yeah
Dadadada dada da
Dadadada da da

Time together slipping through my hands
Stop it all 'cos I want more
You are the answer
Just too far away
You are what my life is for

I wanna tell the world and shout it out

(Shout it out)
That what we have is real
I know that this is what it's all about
'Cos I feel

That everybody needs somebody to love
Be the one tonight
Just anybody won't shine the light that burns
Only you are right
I can't imagine how my life would be
If I spent it without you
'Cos everybody needs somebody to love
And I want you

Dadadada da da da
Dadadada da da
Yeah, yeah, yeah, yeah
Dadadada da da da
Dadadada da da

I wanna tell the world and shout it out
(Shout it out)
That what we have is real
I know that this is what it's all about
'Cos I feel

That everybody needs somebody to love
Be the one
