Don't look a gift horse in the mouth
Don't try and tell me what they're talking about
Those things you're dealing with, you're living a lie
Everytime I see you it makes me wanna cry
The times we laughed and talked, seems like
yesterday
Then you let the white horse come and take you away
They came to get you it was coal black
The wheels were in motion, there was no turning back

chorus:

Running from an angel
Running to the devil, devil yeah
Running from an angel
Running to the devil

I gave up on you a long time ago
Well, there's something I want you to know
Your lying and cheating really tore us apart
Please don't come home if you're gonna break my
mama's heart

(chorus)

Running, running, running
Don't make me cry again
