On and on and on it goes  
Nothing ever seems to stop  
The flow  
Drowning in the feelings that  
I've made  
Looking all around to find  
Some blame

Stay on, wont you stay strong  
Trying not to push you push you push you  
Away

Stay on, won't you stay long  
Try listen to the bravest things  
I never say

Never thought I'd fall so soon  
Never thought I'd fall for you  
Been playing things easy  
For years  
Now I've given into love  
And tears

Stay on, wont you stay strong  
Trying not to push you push you push you  
Away

Stay on, won't you stay long  
Try listen to the bravest things  
I never say

I thought I told you this every other day  
I said it in my head a million different ways  
But i never did and I wish I could  
I turned away for just too long  
I looked again and you were gone  
And now its too late  
The moment slipped away  
Its too late  
The moment slipped away

Stay on, wont you stay strong  
Trying not to push you push you push you  
Away

Stay on, won't you stay long  
Try listen to the bravest things  
I never say
