Yeah And I do it like this (Main Verse) I was drinking a
forty on my boat, out at sea When this big ol' wave,
holmes, it came and tipped me Then I started sinkin'
And that got me to thinkin' Maybe I be treading water if
I wasn't drinkin' Now I'm at the bottom I might as well
chill I kicked it with The Little Mermaid cause that girl
was ill The mermaid had a ring, but I'm down with O.P.P.
Her husband Charlie is a punk, he's the Chicken Of The
Sea I went to see a rap show, I thought was a trio A cod
A shark, and yo There was an eel The eel was kind of
dope, but I knew he was a smoker He bought a sack of
barracuda buddha from a chick named Orca A big fat
chick named Orca Jaws was hangin' out, but yo, I think
he's trying to pork her Like I said, she was a skeezer
She did the whole crew Now here swam a very, very
jealous Shamoo He was huge, and I ain't lyin' The vatos
started cryin' Better break out cause harpoons'll be
flyin' Wouldn't you shoot if someone did your money
dipper So then I took a ride on the back of Flipper Let's
take a trip to the zoo I met a kangaroo who's the head
of the hip hop crew I met a cat named Mellow A goose
named Pillow A pig named Gates, and a funky
armadillo The keeper came around And homie started
dissin' me Tony, he's a Tiger, he's a immigrant from
Sicily Slipped homeboy a C-note Cause Tony's got the
money His heina's name's Hyena, and she thought that
she was funny Roger Rabbit is a DJ Cause homie got the
cuts Chip N' Dale is instituted Because they see the
nuts A snake named Thriller A duck named Vanilla A
Bear named Yogi, and George is a gorilla The snake
had a sack, and he wanted us to try it George, yo, he's
Curious Homie thought he try it Yogi had the joint He
put it to his mouth But Smokey is a Bear, he came and
made us put it out Tarzan is a man And Henry had a
hippo A rhino who's a whino, so the homie sips the
ripple Now I'm a take the time and stop the rhymin' in
