* pre-censored before release [Main Verse: A.L.T.]
What you gonna do when you get out of jail Head to
your homie's house, yo, it never fails Now you at a
party with ya other homies, chillin' This gun's for lovin'
and this gun's for killin' He got a .38, you know, a nickel
plated raven He'll see you to the grave if you be
misbehavin' Don't disrespect the neighborhood cause
homie don't play He just did six in the pen the hard way
Don't [{"*fuck*"}] with 'em, he's from the old school
Packin' a tool In a circle smokin' a super pool Kickin' a
butt out the big tall cans Sportin' (???) Dickies and
some down black Vans His heina's actin' up, and if she
dump him, then he'll choke her A tat on his back, it says
"Mi vida loca" Now if you watch Scarface cause you
think he's the greatest The homeboys come over to fill
you in On the latest Smokey got fat Shorty got a gat
Goofy got cracked with the baseball bat But we got
revenge on them fools last month Blasted on the party
with the seven shot pump Shorty shot first three times
with the cuete Now he's up in Wayside, holmes, doing
siete And he can't even make bail What you gonna do
when you get out of jail Outro: Baka Boyz What ya
gonna do, holmes, what ya gonna do "I'm gonna have
some fun" --> Tom Tom Club What ya gonna do,
holmes, what ya gonna do "I'm gonna have some fun"
