Every time i go to bed i dream of you
every time i eat ice cream it reminds me of you
every time i sit on the bench to pass the time
all i can do is think of you

would you hold my head up high
would you make my laugh as big as the sky
would you spend the rest of your life with me
what can i do what can i say
to make you feel the same way, that i do

every time i look at the phone
i'm hoping that your home
so i can call you up and tell and tell you i miss you
you make me laugh you make me cry
and if i ask you i couldn't tell you why, baby i love you

would you hold my head up high
would you make my laugh as big as the sky
would you spend the rest of your life with me
what can i do what can i say
to make you feel the same way, that i do

would you hold my head up high
would you make my laugh as big as the sky
would you spend the rest of your life, with me
what can i do what can i say
to make you feel the same way, that i do
that i do
